

## INVITATION

Dear Colleague,

on behalf of the Executive and Organising Committees we are happy to announce the **3<sup>rd</sup> International ISEKI\_Food Conference** which will be held from May 21 – 23, 2014 in Athens, Greece.

The general aim of the **ISEKI\_Food conferences** series (past editions: Porto and Milan <http://www.isekiconferences.com/>), promoted by the ISEKI-Food Association ([www.iseki-food.net](http://www.iseki-food.net)) with the support of the ISEKI\_Food 4 Erasmus Thematic Network project ([www.iseki-food4.eu](http://www.iseki-food4.eu)), is to contribute to the creation of an "open" international forum for researchers, education scientists, technologists and industry representatives and the wider community to promote a constructive dialogue and collaboration on topics relevant to Food Science and Technology, Industry and Education and to present and disseminate the results of the activities developed by the ISEKI projects.

This 3<sup>rd</sup> edition of the conference will have a bioeconomy perspective and will include three main sessions where educational, research and industry-related aspects will be presented and discussed:

- **Re-thinking education: enhancing Food Science & Technology competences for Bioeconomy 2020**
- **Knowledge and Innovation in research towards a bioeconomy perspective**
- **Food Industry for a sustainable planet food supply**

We are expecting up to 300 participants from the food sector, coming from all over the world, mainly university teachers, students and people from food research and food industry as well.

We would like to invite you to participate actively at this event by participating in our **sponsorship programme**. The main areas of support you might like to consider are:

- **To present your company to an international audience by taking a table top or bring your own exhibition booth**
- **To sponsor this important event either financially or with products.**
- **To support awards for young scientists and PhD students or other kind of awards (e.g. planned poster competition)**

You can find several attractive sponsorship options here below reported.

We hope that you will take advantage of this ideal forum for corporate exposure and marketing opportunities to professionals in the field. In addition, your support and participation is of utmost importance to us and will no doubt contribute to the success of this important event!

Please review the list of Exhibition and Sponsorship Opportunities and we will be happy to coordinate your participation in the meeting.
