### Abstract Submission Guideline

**Important: Registration is compulsory in order to submit an abstract. If your abstract is rejected, you can cancel your registration without any cancellation fee.**

**Please mind that abstract submission is limited to 2 abstracts per participant.**

After registration, authors can continue to submit an abstract ("Upload and send your abstract"), book the conference dinner ("See what is in the store") or book the PhD Workshop ("Participate in workshops") – see screenshot below. After having logged out you can always log in to your conference account again by using the URL and log in details sent by email after having registered for the conference.

The screenshot shows a web interface for conference registration. At the top, there's a header with a logo and the word "Registration". Below this, a table-like structure displays registration details: Participant Name (Costanza CONTE), Registration Type (IFA-members registration (Early)), Registration Fee (€ 350,00), and Confirmation Status (Reserved). Under "Documents", there are links for "Invitation Letter for Unconfirmed Registrations" and "Proforma Invoice for Registration". At the bottom of this section are links for "Edit Registration" and "Cancel". Below the registration details, a section titled "Next Steps..." lists three actions: "Upload and send your Abstract" (with a document icon), "See what is in the store" (with a shopping cart icon), and "Participate in workshops and widen your knowledge" (with a scissors icon).

#### Submit an abstract

- click on "Upload and send your abstract"
- The abstract submission form will appear as shown below
- fill in the submission form (Scientific topic, title, authors etc.).

#### ATTENTION:

- The name of the person making the submission will appear automatically first.
- Name, affiliation and e-mail of all co-authors is mandatory.
- All authors will appear in the book of abstract exactly in the order they were inserted here.
- The submitting author is by default selected as **presenting** and **corresponding** author. If this is not the case, mark the relevant co-authors.
